

CSP-CONLUTAS
Central Sindical e Popular

São Paulo, 06 July 2024

To/All at the Pro Palestine Student Encampment,
Liverpool University.

**Re: Solidarity with the Pro Palestine Student Encampment,
Liverpool University - Opposing the Genocide of the Palestinian People.**

We express our deep international solidarity to the students of Alazeer Square, University of Liverpool and to your rally to be held on 7 July.

We understand that your camp started on 6 May and that you say, "We the students of Alazeer Square oppose the crimes against Palestinians and strive for their liberation" and you support BDS against the Zionist entity.

We heard about the police raid on the camp, 22nd June, with the University of Liverpool complicit in allowing the police to attack the students. We strongly condemn such action and such complicity. In supporting your demands we join with you in saying there must be no persecution by the university of students participating in the camp.

Your rally and demonstration takes place as more than 100 organisations are mobilised in Brazil to promote a week of activities for the end of military relations between Brazil and Israel. CSP-Conlutas is part of the action that begins on 1 July and runs until 7 July and we demand that the Lula government break all diplomatic, military and economic relations with this genocidal state! Our sisters and brothers at Alazeer Square are part of massive action taking place across the world. We wish you great success in your rally and camp. Let us fight together to liberate Palestine.

**Victory to the camp
Victory for Palestine,**

Herbert Claros
